

CLX™

**ESL
SERIES**

FLOOR STANDING STEREO/HOME THEATER FRONT

THE WORLD'S FINEST FULL RANGE ELECTROSTATIC SPEAKER

The CLX delivers the truth – the culmination of everything we have learned about electrostatic technology since we brought our first product to market in 1983. Purity of sound permeates your entire room and satisfies even the most critical ear.

The new industry benchmark for resolving detail, CLX utilizes dual electrostatic transducers to render the most complex musical passages as faithfully as a crystal prism disperses the full color spectrum. This is the limitless spectrum of the CLX – the absolute truth in musical reproduction.
