

DEPTH™ i

STEREO/HOME THEATER SUBWOOFER

SUB
WOOFER

DEEP, POWERFUL, AND DETAILED

Depth i deploys the full array of MartinLogan subwoofer technologies to achieve deep, rich, satisfying bass while preserving both accuracy and detail. TriLinear™ BalancedForce alignment, an advanced low-distortion switching amplifier, and a sophisticated triple-servo control system extract the very best possible performance from Depth i's high-resolution triple 8-inch aluminum-cone woofers. The result? Levels of purity and accuracy seldom found in subs at twice the price.

| | |
|-------------------------------------|---|
| <i>Frequency Response</i> | 20–120 Hz ± 3dB |
| <i>Low Pass Filter Frequencies</i> | 30, 35, 45, 55, 65, 80 Hz, and CLX (optional) |
