**Dynamo™ 700**

**STEREO/HOME THEATER SUBWOOFER**

**STEP UP TO LOW FREQUENCY ACCURACY, POWER AND DEEPER BASS!**

Building on the success of the original Dynamo, our designers created the compact, powerful Dynamo 700. Featuring a high-current 300-watt RMS, 600-watt peak amp and 10-inch cone driver, the Dynamo 700 delivers deep, tight, effortless bass for home theater or stereo music. Its standard down-firing configuration quickly converts into a front-firing setup for those who prefer a “hidden” installation. The finishing touch—a wireless receiver for bass aficionados who prefer a clean, minimalist look in the room, no cables in sight (for use with the addition of a SWT-1 wireless transmitter, sold separately).

- **Frequency Response**: 24–200 Hz ± 3dB
- **Low Pass Filter Frequencies**: 35–120 Hz
- **Low Frequency Driver**: 10” (25.4 cm) poly cone; sealed
- **Amplifier**: 300 watts rms (600 watts peak)
- **Inputs**: Left & Right/LFE RCA
- **Wireless Receiver**: Built-in
- **Wireless Transmitter**: SWT-1 Wireless Transmitter, sold separately
- **Weight**: 26.5 lbs. (12 kg)

**Down-Firing Orientation Dimensions (HxWxD)**: 12.5” x 11.7” x 12.5” (31.9 x 29.7 x 31.8 cm)

**Front-Firing Orientation Dimensions (HxWxD)**: 13.5” x 11.7” x 12.3” (34.2 x 29.7 x 31.3 cm)

**Application:**

Home theater and stereo subwoofer ideal for medium and small rooms.

Capable of both front- and down-firing operation, Dynamo 700 provides superb bass from any location—whether in a corner, behind furniture, or in a cabinet.

**Key Features:**

- Wireless-ready, just add the SWT-1 wireless transmitter
- Front- or down-firing configuration
- Inverse mathematical equalization for linear output
- Sealed enclosure for woofer control
- Ultra efficient true 300-watt amplifier
- Low-distortion 10-inch cone woofer
- Custom ETC™ spikes

**FINISH OPTIONS**

- Black
